

ezeVue and Sahara enter into distribution agreement

London, December 2007: ezeVue Ltd is delighted to announce the appointment of Sahara Presentation Systems as the main distributor for the ezeVue product range, including the new Message Tower and the existing ezeVue Software Suite, which are included in the Jan 2008 Sahara Catalogue. ezeVue Managing Director Paul Nolan said 'This marks the start of a powerful relationship in the Digital Signage Arena. ezeVue plan to expand its innovative product range in 2008 and we are looking forward to bringing these products to market with Sahara'

ezeVue is an easy-to-use solution for a standalone, networked or web-based digital signage network.

Message Tower is a stylish, affordable digital signage solution that has been built to British Standards for Safety.
